Mylyn

Mik Kersten

Tasktop President & CTO, Mylyn Project Lead

Information overload

Context loss when multi-tasking

With Mylyn

Tasks are integrated

See only what you are working on
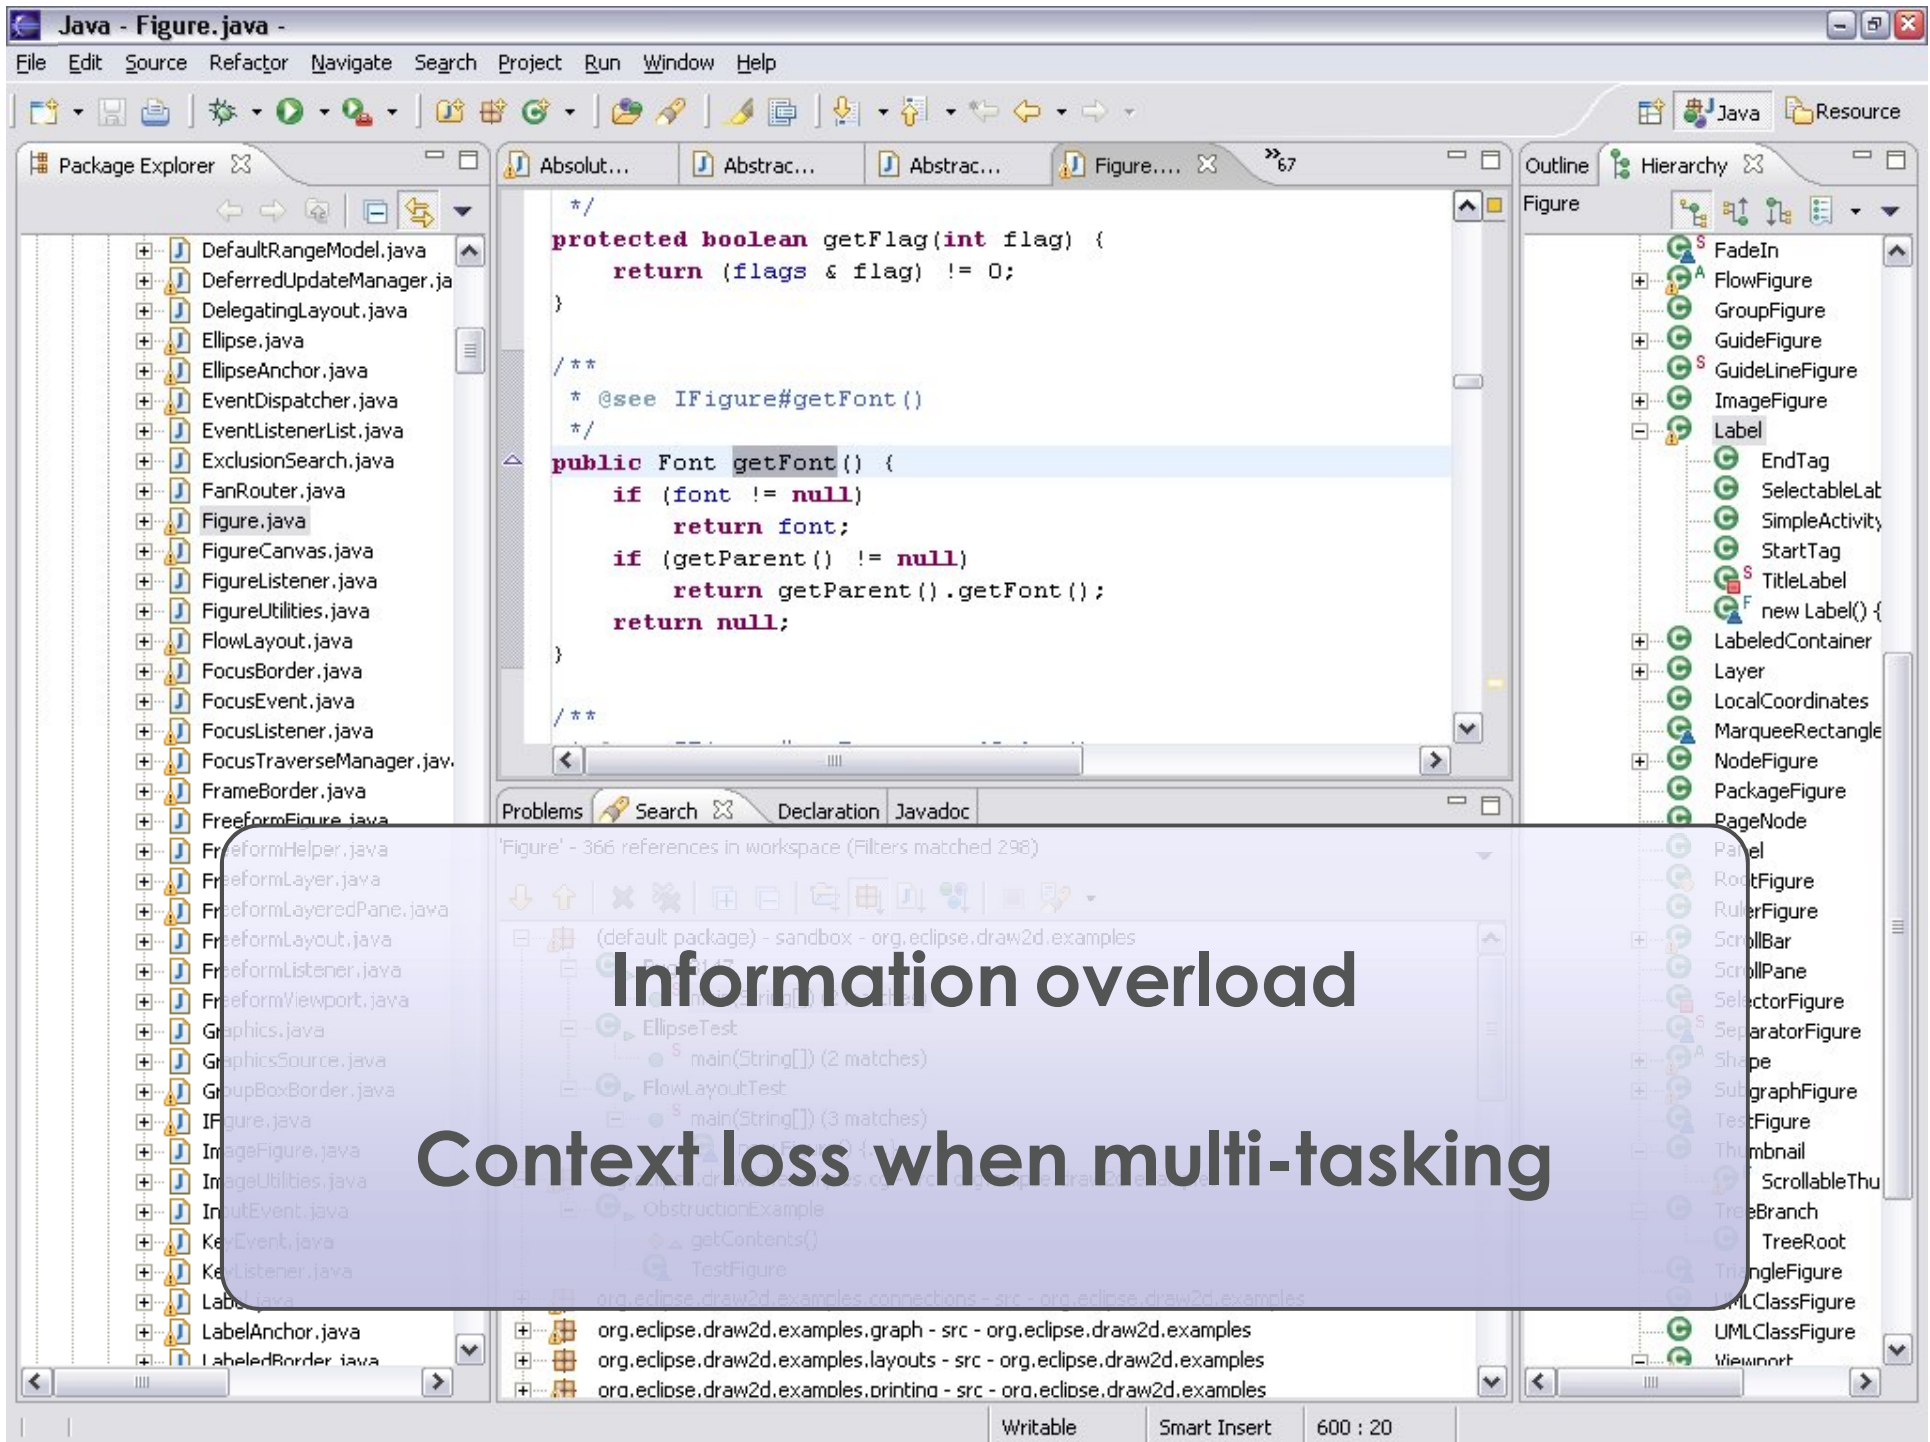

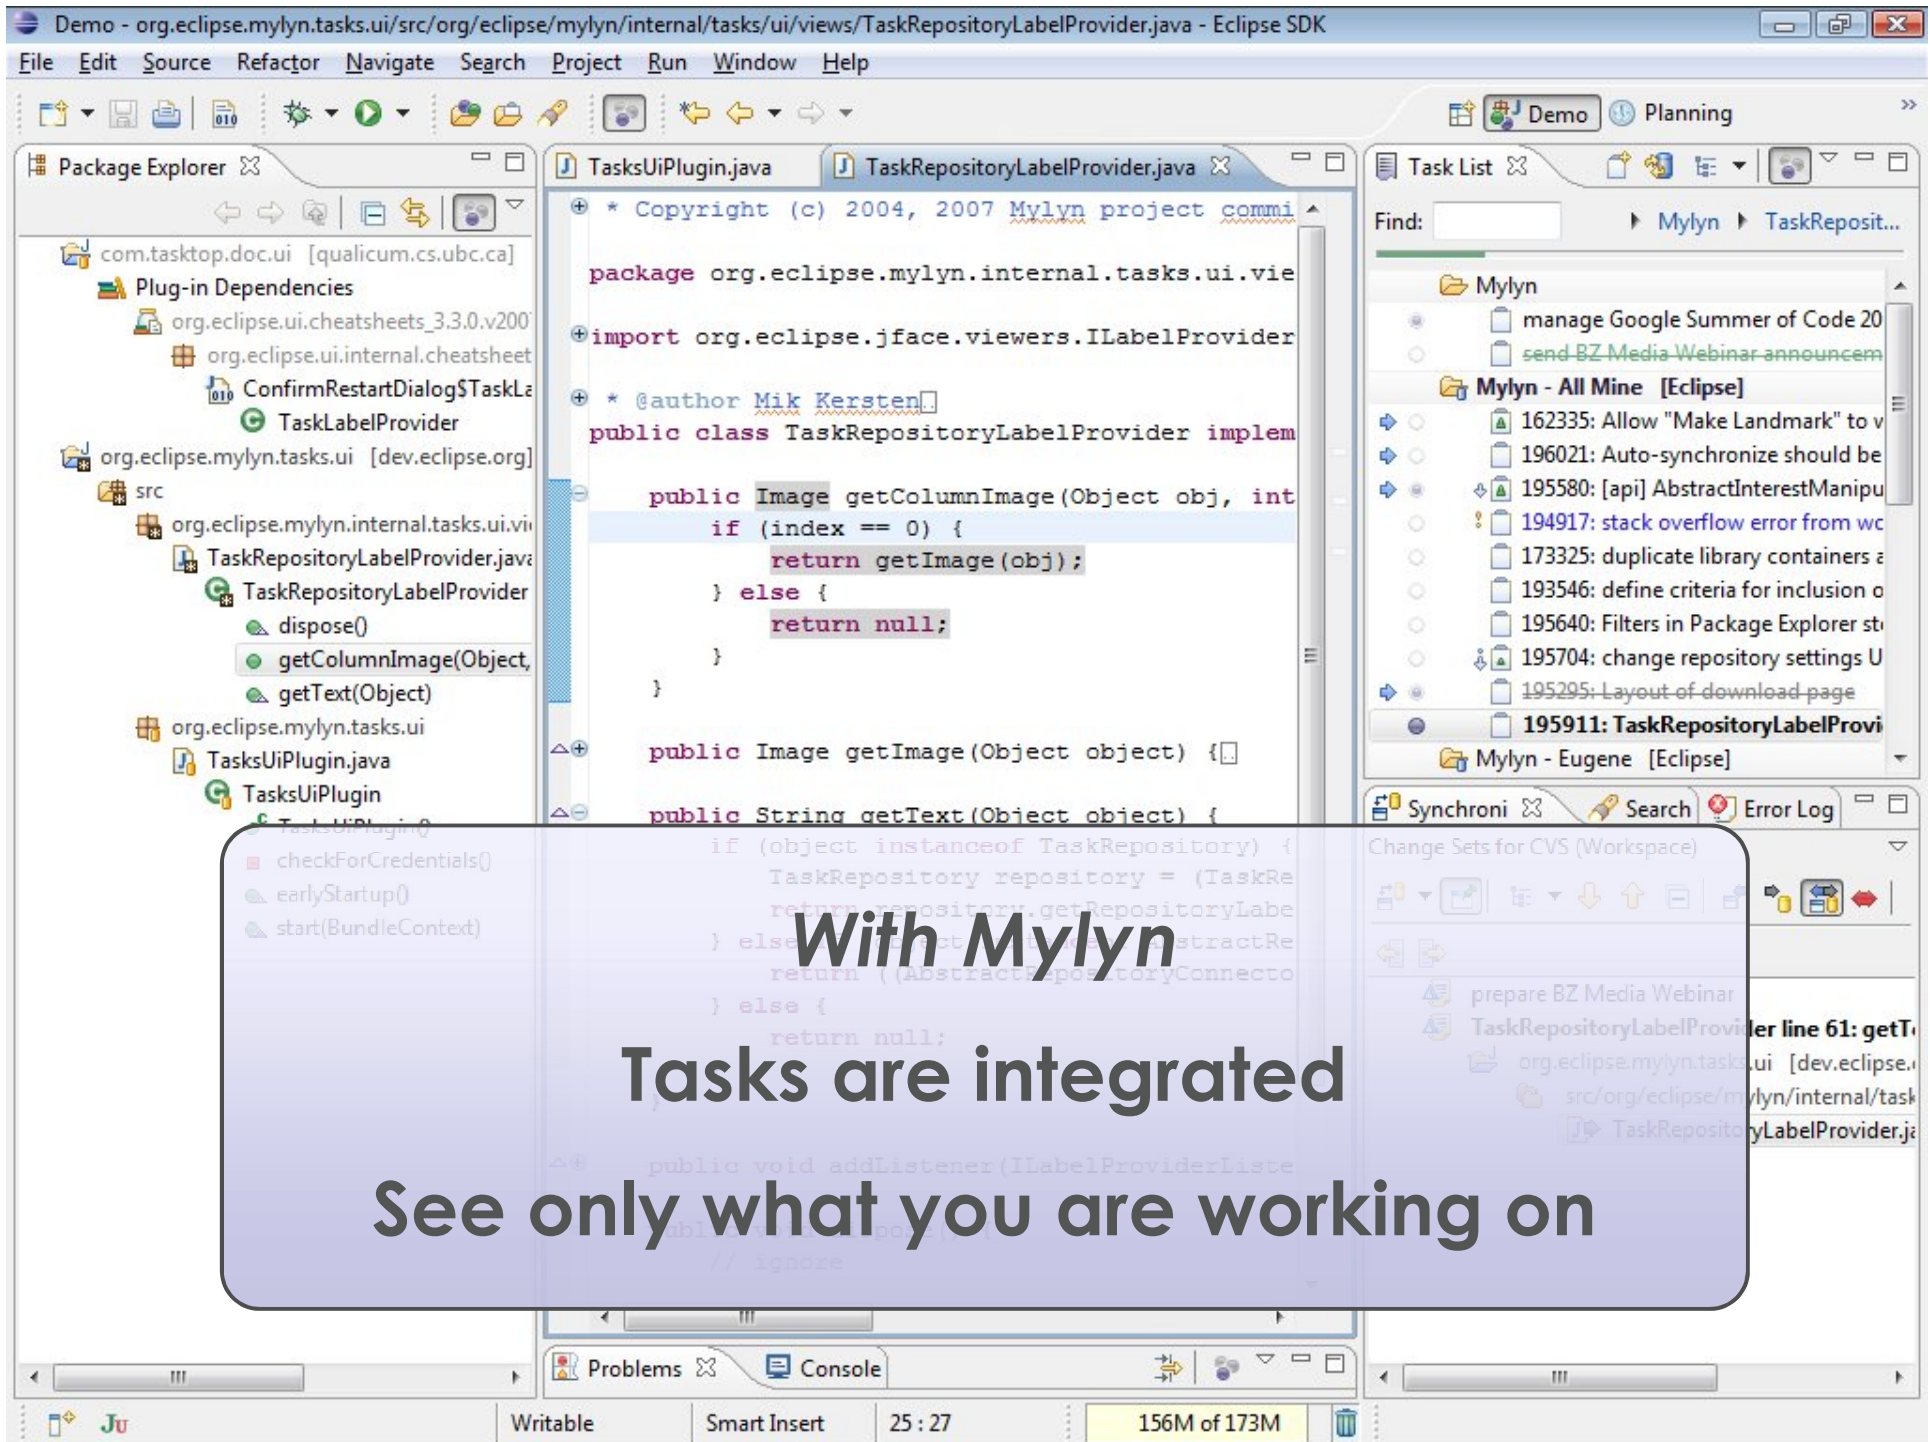

Why do I care?

Task-Focused Interface

- A technology whose time has come
- Leverages the unique extensibility of Eclipse
- Makes developers dramatically more productive

Mylyn

- Distributed with several EPP packages, usage growing
- Ecosystem of extensions is growing rapidly, get on board

Frameworks

- Task repository connectors
- Resource structure bridges
- Team version control

Mylyn 3.0 is coming with Ganymede

Talk tomorrow after the keynote
Grand Ballroom, 10:10am
